May 12, 2003

Sir:

In response to the Office Action dated April 23, 2003, please amend the above-identified application as follows:

IN THE CLAIMS:

Please add new claims 31-35 as follows:

A
-31. The method of claim 6, wherein examining said heated predetermined solder pattern comprises determining that said solder is lead-free if said predetermined solder pattern after heating is in substantially a same pattern as said predetermined solder pattern before heating.--

--32. The method of claim 9, further comprising determining that said solder is lead-free if said predetermined solder pattern after heating is in substantially a same pattern as said predetermined solder pattern before heating.--
